

**Agreement Re:
Block Transfer from
College of the Rockies Tourism Diploma
To
Langara College Bachelor of Recreation Management**

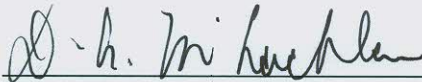

Preamble: The purpose of this agreement is to facilitate the success of graduates of the College of the Rockies (COTR) Tourism and Recreation Management Diploma program who wish to pursue studies toward a Bachelor of Recreation Management (BRM) degree at Langara College. The intent is to alert students to opportunities for further study at Langara College and to streamline the movement of COTR graduates into the degree. COTR and Langara subscribe to the view that together we are well-positioned to build partnerships in education.

This agreement consists of the following elements:

1. Langara College will accept into Year 3 of the BRM graduates of the COTR Tourism and Recreation Management Diploma program, providing they meet all other entrance requirements and space remains in the BRM classes.
2. Langara College commits to counting any undefined transfer credits toward the BRM when it is appropriate to do so, so that COTR Tourism and Recreation Management Diploma graduates will not be obliged to take additional qualifying courses. In determining whether it is appropriate to assign such credit, the criteria shall be based on published program learning outcomes.
3. Langara College is under no obligation to admit any COTR student who does not meet Langara's required standards or those of the BRM program, specifically.
4. Langara agrees to annually provide updated information to the Dean of Instruction at COTR regarding the BRM program.
5. Both parties agree to make details of this agreement available to students and the public.
6. COTR agrees to provide information annually regarding the number of students scheduled to graduate from the Diploma program. Personal information (including names and addresses) will only be provided when written permission to do so has been obtained from the students. Names will be provided when that information becomes public information. (The protection of student privacy will be observed as a first principle.)

7. Langara agrees to meet with academic advisors from COTR and other representatives of COTR who come to Langara College to obtain further information about the BRM program.
8. COTR agrees to meet with academic advisors and BRM program representatives from Langara College and other representatives of Langara College who come to COTR to obtain further information about the Tourism and Recreation Management Diploma program.

This agreement takes effect 1 January 2012, and may be dissolved by either party with no less than eight month's notice.

Doug McLachlan
