GUIDELINES

A. MAKING A DISCLOSURE OR REPORT OF SEXUALIZED VIOLENCE

Anyone who experiences or witnesses sexualized violence, or has reason to believe that sexualized violence has occurred, or may occur, may pursue any of the following options (or pursue more than one option simultaneously):

A. 1 Disclosure Without a Report Option

- 1) If a student has experienced sexualized violence at a College-related or non-College related activity and does not want to report the experience through the criminal justice system or the College's non-criminal report option, the student may disclose to any member of the College Community. The student has the option of disclosing their experience to a counsellor in Student Services or the Director of Student Affairs to receive support and academic accommodations that may be needed;
- 2) If an employee has experienced sexualized violence at a College-related or at a non-College related activity and does not want to report the experience through the criminal justice system, or the College's non-criminal report option, the employee may disclose to any member of the College Community. The employee can seek assistance through the College's Employee and Family Assistance Program and may seek any necessary accommodations through the Human Resources Coordinator - Health and Safety; or
- 3) If a member of the College Community witnesses or receives a disclosure of sexualized violence, the member can seek guidance and support from the Director of Student Affairs, and/or the Human Resources Coordinator - Health and Safety, and/or the College counsellor.

Disclosure will not initiate a process to investigate the sexualized violence or engage any resolution process. However, there may be circumstances where a disclosure reveals a significant potential safety risk, and the College would have a legal obligation to investigate, even if the individual has not filed a report.

A. 2 Non-Criminal Reporting Option

Individuals who have experienced sexualized violence at a College-related activity can report this incident by contacting the individuals below:

- 1) For students – the Director of Student Affairs;
- 2) For employees – the Human Resources Coordinator - Health and Safety;
- 3) If the incident involves the Director of Student Affairs, the Human Resources Coordinator - Health and Safety or the President – the report should be directed to the Executive Director, Human Resources and Payroll.

During an investigation, information provided by those involved may be shared with relevant parties involved to ensure a fair and thorough investigation. The limits of confidentiality (as defined in D of this policy) will be discussed with the complainant at the beginning of the investigation process.

A. 3 Criminal Reporting Option

Individuals may report their allegations through the criminal justice system by contacting the RCMP or local police detachment. An individual making a report to the RCMP is not required to involve or inform the College. The College will co-operate with any criminal investigation.

B. INTERIM MEASURES

Prior to the commencement of an investigation or resolution process, the College may impose interim measures. The purposes of these interim measures are to:

- Ensure the safety, both physical and psychological, of the persons involved and the safety of the College’s learning, working, and residence environment.
- Discourage or prevent retaliation.
- Prevent further sexualized violence and/or prevent the College’s ability to conduct a thorough investigation.

- B. 1 The College may impose non-disciplinary conditions on a person alleged to have committed sexualized violence. Such conditions may be imposed in response to a disclosure or report.
- B. 2 The need for interim measures, and which measures are imposed, will be determined on a case-by-case basis, taking into account the circumstances of each situation.
- B. 3 Any decision to impose interim measures will not be construed as a decision or discipline against the complainant or respondent and will not be weighed against the respondent in a discipline process. Interim measures will remain in effect for as long as is reasonably required pending the outcome of an investigation or appeal process.
- B. 4 The complainant and/or respondent may request, in writing, a review of the imposed interim measures.
- B. 5 The College may, upon request or on its own initiative, put interim measures in place to address a disclosure or report of sexualized violence while matters are under investigation or review by the RCMP or outside agency.

C. ACCOMMODATIONS

- C. 1 A student who has experienced sexualized violence at a College or non-College related activity, and who is seeking an accommodation (including but not limited to exam deferral, an extension on an assignment, withdrawing from a class, changing location of studies to another campus or online, assistance with a safe place to stay) should speak to the Director of Student Affairs.
- C. 2 A student requesting an accommodation under this policy is not required to file a report of sexualized violence to receive an academic accommodation.
- C. 3 An employee who has experienced sexualized violence at a College or non-College related activity, and who is seeking accommodations, should speak to the Human Resources Coordinator - Health and Safety.

D. CONFIDENTIALITY

The privacy and confidentiality of all members of the College Community involved in any disclosure of sexualized violence will be protected to the extent possible; however, disclosure of information may be made if:

- 1) The sharing of personal information is necessary for the protection of health or safety of individuals and/or the College Community;
- 2) The sharing of personal information is required or authorized by law;
- 3) It is necessary to ensure procedural fairness in an investigation or other response to a report; or
- 4) The person the information is about has provided written consent to the release of the personal information.

- 1) Having pursued options/rights under this policy or any other relevant Provincial or Federal legislation;
- 2) having participated or co-operated in a report under this policy; or
- 3) having been associated with someone who has pursued rights under this policy.

F. 3 After the final investigation report is provided to the Director of Student Affairs or the Executive Director, Human Resources and Payroll, the parties in the report will be notified in writing the outcome of the investigation in summarized format.

F. 4 The complainant may withdraw from an investigation by making a written request to either the Director of Student Affairs or the Human Resources Coordinator - Health and Safety.

F. 5 Upon receipt of a request to withdraw, the investigation will cease, and the parties will be notified. In situations where there is risk to the health and safety of individuals or the College Community, an investigation may proceed without the complainant.

F. 6 An investigation through the College may continue if the complainant leaves the institution.

- F. 7 When an investigation establishes that a student or an employee has violated the *Sexualized Violence Prevention and Response* policy, discipline will be imposed as follows:
- 1) In the case of a student respondent, the Director of Student Affairs, or designate, may impose sanctions up to, but not including, temporary or permanent suspension from the College. If the Director of Student Affairs determines that suspension may be an appropriate sanction, the Director of Student Affairs will refer the matter to the President to decide the sanction. If the President subsequently decides that a lesser sanction is appropriate, the President may refer the matter back to the Director of Student Affairs with direction.
 - 2) In the case of an employee respondent, the President, in consultation with the Executive Director, Human Resources and Payroll, or designate, will determine the sanction, up to and including termination of employment, are appropriate.
