Community Dental Health – DENT 141
Certified Dental Assisting Program

Course Outline

GENERAL COURSE DESCRIPTION:

This course focuses on health promotion messages in the context of community health care. Students have the opportunity to prepare and present educational sessions to the public, while under the supervision of a licensed instructor. Certified Dental Assistants often provide nutritional and oral health counseling within a dental office or in a public health setting. Students also learn about caring for geriatric patients and people with disabilities.

Program Information: This course is required for successful completion of the Certified Dental Assisting program.

Delivery: This course is delivered face to face.

COTR Credits: 3
